TO 2007 ASSEMBLY BILL 165**

January 8, 2008 – Offered by Representative FRISKE.

***Analysis by the Legislative Reference Bureau***

Under current law, a school board that operates high school grades must, generally, transport to and from school private school pupils who reside in the school district and who reside at least two miles from the private school, regardless of the grade in which the pupil is enrolled. This bill provides that a school board that does not operate a four-year-old kindergarten program is not required to transport four-year-old kindergarten pupils attending private schools, but requires a school board that provides transportation of four-year-old kindergarten pupils to private schools on the effective date of the bill to continue to do so. The bill provides that if all of the private schools to and from which the school board transports pupils cease to offer four-year-old kindergarten, the school board's obligation to provide transportation of four-year-old kindergarten pupils to private schools terminates.
